“ Even though I met June 4 months ago, she has been one of the best things to happen in my life. June was a wonderful and full of life woman. She was as strong as an ox as a young women as she shared in many stories with me. I take great pride in her strong devotion and determination of hard work which she loved to share about herself. She had a great sense of humor and always made me smile. She was honest and upfront with her choice of words which I loved most about her. She taught me how to play Skip-Bo and let me win occasionally. She also taught me how to feed her wood stove. I know these things do not seem like much but the small amounts of time spent with her brought a lot of happiness back into my life. She was just what I needed at this time in my life. It was my pleasure and honor to meet the unique and beautiful person she was. She will always have a place in my heart.
