“ When Dennis and I lived in the house that his cousin Kenneth and Dorothy lived in, Jeffery and I would visit and talk and her house smelled so good! Because they had honey in the basement and she let me watch how it was done!! She loved my daughters Ashley and Bridgette! She asked about them all the time when they were in college and all. When they were small she let them play with her dolls and it was so special. She means a lot to me! Leo does too!!! Sit high on that mountain pretty lady and watch over us all and keep us safe! Love you and will miss your beautiful smile laugh and wonderful company â ¤ĵ_đŸ™
