“ I miss you so much Cuz!! There are so many memories with you, but the one I will never forget is when we went to John’s house to play spades and I was your partner. Or the time we was up at the cabin and everyone finally knew I was pregnant with Kayli and we all went to look at the old side of the cabin and you told me to watch my step and 2 seconds later I fell through the floor and you laughed so hard. That laugh I’m gonna miss that and your big mouth that you could hear coming a mile away. I love you cuz and miss you so bad. The last time I seen you was right before thanksgiving. I wish I would have got your number and we could have hung out more. We use to hang out together all the time.
