

## Lyman Buck Farrow

May 31, 1939 - January 22, 2022

Lyman "Buck" Farrow of Jackson, passed away Saturday, January 22, 2022 at the Lutheran Home in Cape Girardeau, surrounded by family and friends.

In the late 1950s Buck was married to Patricia Bledsoe, where he fathered his children Anthony "Tony" Farrow, Tamera "Tammy" Baremore, Tina Roberts, and Timothy Farrow. He was a loving father who worked tirelessly to provide for his children. Years later on May 5th 1978, he got remarried, this time to his now wife Billie Jean Kimbel. Together they raised her son Mark Allen from age 8.

As his children grew, they blessed him with several grandchildren who each brought a special joy to his heart. Buck was an ornery man, who never met a stranger because he knew just about everyone in this area. He never had a task he couldn't figure out or a job he couldn't get done. From working 22 years for the Missouri Barge Line, owning his own sawmill in southern Illinois, to driving a semi, Buck knew a little bit of everything. One of his true passions was fishing, whether it was on a Commercial Boat or John boat on the Mississippi River, even off of a pier in Florida, you could always catch him with a line in the water. He also enjoyed being a Pilot and owned several small planes throughout his adult life. He was an avid animal lover, leg puller, and storyteller. In his old age he dedicated his life to being the caretaker for his wife Billie. He was a devoted husband, friend, and Father.

He leaves behind his wife of 43 years Billie Jean Kimbel-Farrow of Jackson, 3 children Tim St. Louis, MO, Tina St. Louis, MO, and Mark Tucson, AZ; 10 grandchildren and several great grandchildren.

He is preceded in death by his parents, John and Lillie Kramer-Farrow, three of his children "Tony", "Tammy", and an infant son David, as well as 5 siblings.

Lyman asked for no services because he didn't believe in people crying over him, instead the family asks that you send any donations to the Lutheran Home Hospice for their amazing care in his final days.

“ I had the privilege of meeting Buck in 2011. We got to visit at the flea market in Jackson about every Saturday. We went fishing several times. We will miss him and his humor. He always told me there is always more ways to make money and learn to be self sufficient. Debbie Johnson-Flora
