My deepest condolences to the Stewart family.

I am deeply saddened, and my thoughts and prayers are with you, Danielle, and your family. It is so hard to lose a parent, and Mary was a special person to so many others as well. I enjoyed working with her, and will never forget her kindness to my kids when they would come visit the science center. Mary touched many lives, and I am grateful for how her life touched mine.

I am so very sorry, Danielle. Your mom had a big impact on the Discovery Room. We will not forget her. You and your family are in my thoughts and prayers.

My condolences to the Stewart family - she was always quick with a smile at work over the years, a pleasant soul to be around. Michael Malolepszy

My thoughts and prayers go out to Mary's family. I worked with Mary for several years and will always remember her kindness to me during my years at the Science Center. May God bless her and give her family peace in this time of sorrow.

Mary was always a hero of mine. She understood electronics and she could run a crew of men who respected her. I liked her. She was strong. God bless you Mary Stewart.

So very sorry for your loss. Knew Mary through my friend Carol Branson.

"Little Mary" as we called her use to come to my house and when she would see my granddaughter she would hold her face and always say "I am so confused" Ambra would grin. Great gal Mary was. Love, Judy Brown  
My thoughts and prayers are with you and your family, Danielle.

Deepest condolences to the Stewart Family, and those most close to Mary at this terribly difficult time. You are all in my thoughts. I'll cherish those times I'd made you laugh. Rest Well, my friend. - Terry

We hadn't seen each other for a while. But always thought of her everyday. I'm going to miss her so much. Love Carol

My prayers are with you and your family. Im one of many blessed to have worked with Mary Stewart.....

Our lives have been blessed and enriched forever with "Mama Mary" having been a member of our "family". We will miss her dearly and always have her in our hearts. If we can live our lives with just half the Love, Compassion and Energy that she possessed we will have lived a good life. Love and Miss you "Mama Mary."
