“ Rob was not only an amazing person inside and out, but he was the only father figure I had. When my dad stepped out Rob stepped in. Even though he was my uncle and had a life of his own. He wanted to be there for his sister and her daughters. I can never tell him how much it meant to me for him to be in my life. God has truly blessed me when it came to my relationship with Rob. He really taught me alot of things and always knew what to say. He always put others first and was a really hard worker. I wish he didnt have to leave. I know I will see him again in heaven. That is the hope and faith I know and it brings me so much comfort. Ill never forget our trips at 2am to white castle or mcdonalds when I was younger or all the other wonderful memories I have with him or about him. I couldnt have asked for a better person to be in my life than Rob and thats why I feel so blessed. As I said before I am grateful to know him and now I have someone else to watch over me.

“ I was at the community center this past weekend for the first time since Robert's passing. We tend to be there daily during the summer but over the colder months - not as much...Anyway, both my husband and I both were sad walking in and agreed it just wasn't the same not being greeted by Robert. He so very nice to our entire family and we will think of him all the time when we head the community center...he won't be forgotten.

“ I’m so sorry to hear about the loss of your dear loved one. It’s very comforting to know what the Bible says about ones we’ve lost in death. Verses like Acts 24:15 are an excellent example of this: “And I have hope toward God, which hope these men also look forward to, that there is going to be a resurrection of both the righteous and the unrighteous.” Knowing God’s promise that we’ll be reunited with our loved ones who have died is a promise that I hold dear to me. (John 5:28, 29) I know God’s Word can bring you hope & comfort too.

“ My husband and I have known Robert for about 18 years. We did our workouts at Crestwood Community Center in the evenings years ago. Whenever I came up with the kids, he would always laugh and joke with them. No matter what I came to the community center for, my first step was the front desk to see Robert and talk with him for a while. He always remembered my birthday and how old I was because he really engaged with people. We are so saddened to hear of his passing and that he didn't get to enjoy the retirement he was looking forward to. We talked about it often in more recent months. Robert's humor and personable spirit will be missed at Crestwood Community Center. God Bless and RIP Robert.

“ I was so surprised and sad to hear about Robert's passing. He had become a friend to me and many of the pickleballers. I enjoyed joking and kidding around with him. He took very good care of us keeping the courts safe so we were not slipping and falling. And he always did it with a smile! I'm so sorry he did not get to enjoy his retirement. He were planning to come back and visit with us after you retired"we joked with him that he would have to start playing pickleball with us. Robert, you will be missed. My condolences to Robert's family.

“ We are in Crestwood, MO and knew Robert from the Whitecliff Community Center where we play volleyball every Monday night. Rob was a constant presence to all of us in the league, and became a good friend to many of us that have played there for years. We are all very deeply saddened by his passing. He spoke often of his plans of retiring after working hard for so many years, and having more time to enjoy life outside of work. He will be sincerely missed.
