“ Memories, where does a person begin? Maybe I should first say, when first was introduced to her & iâ€™m respectfully say our crowd, I remember us looking straight in each others eyes, & this grin came across each others faces, I knew then that weâ€™ become friends, one way or the other. Which we did. Weâ€™ go to concerts, grab a bite to eat, swimming, fishing, shopping, yelling at each other a time or two, Halloween parties, baking Christmas cookies together & so much more. Iâ€™ babysat with her son Dusty, once in a Blue Moon & sheâ€™ rushed over & drove me to have my daughter Kelly. She had a very strong backbone but one thing for sure once you befriended her, she kept you as a friend for life. We kept in touch through the years, for like I said, once she befriended you, you were part of her life forever. Teresa, I know you are smiling from above, & I just know with all my heart & soul, you will be fluttering those angel wings with soft winds blowing to say I watching over everyone, especially your family. You will be missed, but I know some day we will see each other again, till then spend some time with our Lord & give Dusty a hug for me. Memories forever girly, Cyndi & Tam
